The LUMS Scheduler is an application that finds mutual free time slots on a given day by taking schedules of two peers/friends/Employers as input.

We **AIM** to help not only two busy friends but also Employer-Employee to schedule events with ease on a given day.

Salient Features

- SignUp/Login with Facebook

- HomePage shows all events and friends lists

- New Friends can be added on a Single Click!

- User Friendly Interface

- Mutual Free Slots can be found for any of the added friends

LUMS Scheduler!
